

NASA Dryden Flight Research Center Airborne Science Flight Report

Aircraft	DC-8
Flight Number	100201
Flt Req #	108013
Flight Hours	1.2
Date	03/15/10
Purpose of Flight	ICE Bridge Greenland payload shakedown
Aircraft Status	Airworthy
Sensor Status	Sensors installed but not powered or crewed
Significant Issues	None
Accomplishments	No discrepancies were noted. Aircraft ready for campaign.
Planned events	Payload check out flight on 3/17 Deploy on 3/22
